HACKFELD CO. MEETS; NAMES NEW OFFICERS

Rodiek, Klamp and Humburg
Are Named Vice-Presidents;
President Re-elected

MANY CHANGES MAY
FOLLOW CONFERENCE

Acting Governor Approves New
Amendments to Articles
of Association

Carrying out the changes made possible by amendments to the articles of incorporation and by-laws, shareholders in H. Hackfeld & Company, Ltd., met this morning at 10 o'clock for an exceedingly important meeting.

Three vice presidents were elected in place of one, that position having become vacant about six months ago with the death of William Protzenhauer. J. F. Hackfeld remains in office as president of the firm, and five new directors were named, which increases the number of the board from four to nine. The capitalization of the company remains at \$4,000,000.

The following are the officers elected:

J. F. Hackfeld, president; George Rodiek, vice president; F. Klamp, vice president; J. F. Humburg, vice president; H. Schulze, treasurer; F. W. Kiehn, secretary; F. Klamp, auditor.

The new directors are: J. C. Isenberg, Aug. Humburg, Paul R. Isenberg, H. Schulze and F. W. Kiehn. With these will act the former directors: Hackfeld, Rodiek, Klamp and J. F. Humburg. Kiehn is secretary of the directors, and Klamp is named as auditor of the company in addition to his position as vice-president.

The following statement was made by Mr. Hackfeld following the meeting:

"The articles of incorporation and by-laws of the corporation have been amended so as to enable the company to elect a separate board of directors as is customary in other corporations. He added that the capitalization of the company remains at \$4,000,000.

The meeting today is regarded as an exceedingly important one for it may mean the beginning of important changes in the departments. Mr. Rodiek, the present head of the mercantile department, may move up following his election as one of the three vice-presidents.

J. F. Humburg, who is the manager of the New York branch of the firm, may be engaged here in one of the high positions, and Aug. Humburg of San Francisco possibly will have a place made for him here. J. C. Isenberg, a resident of Germany, will probably remain there to attend to the affairs of the company in that country.

However, the changes which may result from the meeting this morning are now but conjecture. Special directors' meetings will probably be held at once to settle on whatever changes are to be made.

The proposed amendments to the articles of association of the company were approved by Acting Governor Mott-Smith this morning before the shareholders' meeting was held.

JEFFERSON D. McCARN WILL LEAVE FOR NEW POST NOVEMBER FIRST

U. S. District Attorney R. W. Breckons received a cable from Attorney General McReynolds this morning stating that the former's successor, Jefferson D. McCarn, will leave the national capital for Hawaii about November 1. From the tenor of the message Breckons is inclined to think the president's appointment of McCarn was confirmed by the senate today, though up to a late hour no news of such action had been received from the Star-Bulletin's Washington correspondent.

The new district attorney should reach Honolulu about the middle of next month. One of the jobs bequeathed him by Breckons will be the investigation of the alleged meat trust in the islands. Otherwise the routine work of the local office will be fairly well cleaned up and ready for the new administration. As a final "house cleaning" the federal grand jury, which has been in session every day this week, today returned twenty-two indictments, most of them charging petty offenses. The bulk of these may receive trial or be otherwise disposed of before the new district attorney arrives. The grand jury was excused until called.

All the indictments were placed on secret file until the persons accused are apprehended by U. S. Marshal E. R. Hendry. Two arrests were made before noon today; the prisoners being a Japanese man and woman, indicted on statutory charges. Other arrests will follow rapidly and it is thought most of those named by the grand jury will be in custody by tonight or tomorrow.

REDS REPULSED, OAHU AGAIN SAFE

General Macomb's Brigade as Tactical Unit

BRIGADE MANEUVERS COME TO END TODAY

BY LAURENCE REDINGTON
Star-Bulletin Staff Correspondent in
the Field with the First Hawaiian
Brigade.

IN CAMP AT TEMPLETON'S RANCH, Oct. 18 (12:30 p. m.).—The First Hawaiian Brigade, numbering 3000 men and 100 officers, commanded by Brigadier-General M. M. Macomb in person, attacked the Reds as a full unit this morning and as a result the invasion of Oahu again is checked.

The 1st, 2nd and 25th Infantry, with full complement of officers and with the brigade commander at the head of the column, moved this morning.

Superiority of force and a well-planned and executed attack proved too much for the Red regiment and

INTER-ISLAND WILL INSTALL FIRE STATION

Powerful Pumping-Plant Plans
to Cover a Wide Area
of Waterfront

To guard against the possibility of a serious fire along Honolulu's waterfront, or at the shipping at the port, the Inter-Island Steam Navigation Company has completed plans for the installation of a powerful pumping plant, to be operated by electricity, which will connect with the new artesian well, now completed, which has demonstrated that it can deliver more than two million gallons of fresh water each day.

The shipping district has been woefully deficient in a satisfactory protection against fire in the opinion of those who have given the important matter much consideration. While government mains reach all sections of the upper and lower end of the harbor, the supply of water at times is declared as falling far short of the mark.

President and General Manager Kennedy has ordered a complete plant, which, it is declared, will be capable of forcing a large quantity of water through large mains that are now planned to extend over a wide area of that portion of the waterfront in which the inter-island drydocks and shipyards are situated.

The new artesian well was completed yesterday, the borers reaching a depth of one thousand feet. The big flow of water has been capped and will soon be turned into new and larger pipes that will serve to supply visiting vessels with an abundance of water.

The product from the new well has been analyzed and found to be absolutely fresh and pure.

The prediction is made that when the special fire fighting apparatus is installed by the Inter-Island, the risk of a serious conflagration in that district will be reduced to a minimum.

No time is to be lost in completing the work and it is the present intention to have the plant in readiness by the time that the big floating drydock is opened to business.

ONE DOCTOR GIVES PROMISE TO BE GOOD. OTHER STILL SILENT

Dr. J. S. B. Pratt stated today that one of the two white physicians he had in mind when he told the board of health Thursday that prescriptions had been given promiscuously recently for opium and cocaine, had called on him personally and assured him that he would desist from the practice, giving out no more prescription for the use of these drugs.

Dr. Pratt added that a third white physician is now under suspicion and is being watched, but that no names will be given out or drastic action taken against any of them unless they are found continuing to cater to the opium and cocaine fiends.

GOVERNOR FREAR FAILS TO MENTION NEW BOND ISSUE

Territorial Treasurer D. L. Conkling did not leave on the steamer Sierra today for the mainland, no word coming from Governor Frear to the effect that the proposed new territorial bond issue has been authorized.

Acting Governor Mott-Smith received a cable from the governor this morning, dated New York city. It made no mention of public affairs and said he was returning to the capital.

MRS. PANKHURST CANNOT LAND ON AMERICAN SOIL

Immigration Authorities Order
Suffragette Deported as
Undesirable

[Associated Press Cable]
NEW YORK, N. Y., Oct. 18.—Mrs. Emmeline Pankhurst, noted leader of the militant suffragettes of England, has been denied the right to land on American soil.

After her arrival from Europe, Mrs. Pankhurst was detained by the immigration authorities and taken to Ellis Island station. There a special board of inquiry met and after a hearing lasting three hours, decided that Mrs. Pankhurst is an undesirable alien and cannot enter the United States. She is ordered deported immediately. The board based its action on the finding that the noted suffragette is guilty of crimes involving moral turpitude.

Mrs. Pankhurst's counsel announced an immediate appeal from the action of the board to Commissioner-general of Immigration Caminetti.

Mrs. O. H. P. Belmont, the well-known advocate of equal suffrage, offered to put up a bond of \$100,000 for the good behavior of Mrs. Pankhurst while in America.

ENGLISH GIRL WINS U. S. GOLF CHAMPIONSHIP

[Associated Press Cable]
WILMINGTON, Del., Oct. 18.—Gladys Ravenscourt of England today defeated Marian Hollins of New York two up in the contest for the woman's national golf championship.

CRUISER ALBANY IS NOT OVERDUE; HAS NOT LEFT YOKOHAMA

[Associated Press Cable]
SAN FRANCISCO, Oct. 18.—The cruiser Albany, which was reported from Honolulu to be overdue, has not yet left Yokohama.

HARBOR BOARD IN SPECIAL MEETING THIS MORNING

A special meeting of the Board of Harbor Commissioners was called at 11 o'clock this morning in the office of the superintendent of public works, the occasion being the return of J. W. Caldwell, chairman of the board, from an official visit to the other islands. Two matters of business were discussed, the first being that of making some necessary repairs in the paving of the new Queen street wharf. Commissioner McStocker presented a proposition whereby the board would supply water to vessels from sources independent of the city water. The matter was placed in the hands of the engineer, who will report on the feasibility of such an undertaking.

The public utilities commission will meet next Tuesday to take up the case of the Wahiawa Water Company which may result in a test suit to determine whether the water companies supplying the sugar plantations in the islands are subject to regulation by the commission.

GEN. HUERTA TO BE OUSTED FOR ANOTHER

Inability of Mexican Leaders to
Agree on Successor the
Cause of Delay

FELIX DIAZ HURRIES HOMEWARD FROM EUROPE

Nephew of Former President
Says He is Still Candidate
for Highest Office

[Associated Press Cable]
WASHINGTON, D. C., Oct. 18.—The retirement of Gen. Victoriano Huerta as provisional president and dictator of Mexico is momentarily expected, and it is thought that before another 24 hours have passed, he will have a successor forced upon him. The inability of Mexican leaders to choose his successor is understood to be the sole cause of the delay.

GEN. FELIX DIAZ ARRIVES IN HAVANA

[Associated Press Cable]
HAVANA, Cuba, Oct. 18.—Gen. Felix Diaz, nephew of Ex-president Porfirio Diaz, arrived here today from Europe and will leave at once for Vera Cruz, on his way to Mexico City. His haste has revived the report that he is likely to be agreed upon as president when Huerta is eliminated.

Diaz says he is confident that the general and presidential elections set for October 26 will be held. He announces that he is still a candidate for president.

BIG COLLEGE TEAMS RUN UP HIGH SCORES

[Associated Press Cable]
NEW YORK, N. Y., Oct. 18.—Inter-collegiate football entered upon the last part of the practice season for the big teams with today's games, but it was noticeable that the larger universities ran up high scores on some tough opponents.

The eastern games went about as expected, there being no upsets worth mentioning. Harvard, Yale, Princeton and Pennsylvania defeated their opponents with ease.

In the west the defeat of the University of Michigan by Michigan Agricultural College was an upset to the hopes of Yost's men.

The scores of the principal games are as follows:

Harvard 47, Holy Cross 7.
Navy 29, Dickinson 0.
Army 7, Colgate 6.
Yale 37, Lehigh 0.
Princeton 13, Syracuse 0.
Pennsylvania 18, Brown 0.
Phillips Exeter 6, Yale Freshmen 3.
Chicago 23, Iowa 8.
University of Pittsburg 12, Carlisle Indians 6.
Michigan Agricultural College 12, Michigan University 7.

JEALOUS WOMAN THRICE SHOTS ADVERTISING MAN

[Associated Press Cable]
SAN FRANCISCO, Cal., Oct. 18.—J. D. Van Baalen, one of the best-known advertising men on the Coast and known in Honolulu from a trip there some years ago to secure advertising, was shot thrice today and probably fatally wounded in an affray that the police say is due to the jealousy of a woman. The shooting took place in the Chronicle building, where the woman, Mrs. Leah Anderson, pulled a revolver and fired point-blank at the advertising man. After the shooting she made the statement that Van Baalen had promised to divorce his wife and marry her. Van Baalen will probably die.

AUSTRIA ORDERS SERBS TO LEAVE ALBANIA POINTS

[Associated Press Cable]
VIENNA, Austria, Oct. 18.—Austria has sent to the Serbian foreign office an ultimatum in the form of a note to Serbia demanding the immediate evacuation of the points in Albania recently occupied by the Serbs.
